Amor Ministries Youth House Building in Tijuana

December 2006

YUGO Ministries' Project Joy

The senior high youth group led our school and congregation on a campaign to collect 200 shoe boxes for YUGO Ministries Project Joy. The shoe boxes were filled with hygiene products, candy, and toys for children of all ages. On December 18 seventeen high school youth along with adults and siblings made their way down to a Mexican village where they shared the Christmas story to over 40 children with the help of two of our adult translators. They also took time to play games and provided three piñatas for the festivities. When the Mexican youth were given their shoe boxes, their faces lit up.
